

I Found Light Against All Odds is a non-profit organization dedicated to helping today's youth address social, emotional and economic issues that they are experiencing in their lives. We are a resource to those that are going through difficult times and provide them with guidance. We truly feel that WE can make a difference in the lives of our youth that do not see the light.

### **Our Mission**

I Found Light Against All Odds allows community, youth, and families to share the challenges they have faced during their lives while inspiring others to never give up hope and seeing that there is light after darkness.

### **Our Vision**

I Found Light Against All Odds provides high risk youth and families with tools and opportunities to break the cycle of poverty, desperation and dependence that dominates their lives, enabling them to become contributing members of our community by using the magic of television, telling their stories about finding light.

- We respond to the needs of the youth we serve with respect and hope.
- We provide youth and families with the resources, tools and attitudes to realize their dreams can happen.

I Found Light Against All Odds in partnership with Chez Josef will be having the 1<sup>st</sup> Annual Masquerade Ball Gala on Saturday, November 4, 2017 from 6:30pm-11:30pm. Proceeds will benefit The I Found Light Against All Odds Award and Scholarship Fund. We are looking to award eight-\$500 scholarships and one- \$1,000 scholarship in the spring of 2018. The recipients will be high school seniors who have overcome the darkness in their lives and found light in education and will be attending college. I Found Light Against All Odds is having a community challenge for our event. The community that has the most attendees at the gala wins the \$1,000 scholarship for the student from their city or town.

Come support your community and ALL our youth!

“Our youth don't care what we know, until they know that we care.”
